Subject	Prime Compliance Suite Version 9.0.4 and Lower Support Sunset Announcement

CubelQ announces that maintenance and support for FIS' Prime Compliance Suite – PCS™ **Version 9.0.4** and lower will **discontinue on March 30, 2018**.

Maintenance and support discontinuation includes Version 9.0.4 and lower of the following Prime Compliance Suite – PCS™ products:

- BSA Reporter
- EDD Reporter
- Legal Reporter
- OFAC Reporter
- CDD Onboarder

As of March 30, 2018, CubelQ will only provide maintenance and support, including patches for regulatory issues, for version 9.1 and above.

If your organization is using an older version (below 9.1) and would like to protect your investment in Prime Compliance Suite with ongoing maintenance and support, you must upgrade to the latest version which is Prime Compliance Suite **Version 10.1.x**.

If you have not done so already, please contact your CubelQ Client Relationship Manager (or CubelQ Support at sw.support@cubelq.gr) to discuss the upgrade options available.

If you do not have in force a Maintenance Agreement or signed Statement of Work with CubelQ to upgrade, CubelQ (and FIS) policy does not allow renewal of maintenance on an unsupported version.

If you have any questions please contact your Client Services or Relationship Manager or our Support Help Desk via e-mail to: sw.support@cubelq.gr.
